01

DRAWING IN

A customer sends a drawing, quantities and finish through one form. Not three emails and a phone call.

02

LOGGED

It lands in one place with a reference. Nothing lives only in someone's inbox.

03

ASSIGNED

It goes to whoever prices that kind of work, with a nudge if it's still open tomorrow.

04

ANSWERED THE SAME DAY

The customer hears back that day, even if the full price takes longer.

05

QUOTE BECOMES THE ORDER

When they say yes, the details carry straight over. Nobody types it twice.

NOT A BIG ROLLOUT. ONE JOB, BUILT PROPERLY.

Scoped, priced and delivered on its own.
