ENQUIRY AUDIT

FIND WHERE YOUR ENQUIRIES GO MISSING.

A five-step audit you can do in an afternoon.

01

SEND YOURSELF A TEST

Use your website form from a personal email address. Note the time.

02

TIME THE REPLY

How long until someone responds? Did anyone?

03

COUNT LAST MONTH

Enquiries in. Replies within the hour. Quotes sent. Quotes chased. Orders won.

04

FIND THE DROP

Where does the number fall off hardest? That's your leak.

05

FIX ONE THING

Only that one. Then run the audit again in a month.

IT'S AN AFTERNOON'S WORK.

And it'll tell you more than any agency pitch. Including ours.

START A CONVERSATION.

If the numbers worry you, tell us what you found.
